

# Chrome in the Dome Hall of Fame

## Nomination Form

The Chrome in the Dome Hall of Fame is to honor members of our community that have had an impact on the automotive industry in Idaho or the nation.

We are looking for people we can recognize for their contribution and association with people, places, legends, sanctioning bodies, series or any history with the automobile. People that have helped with engines, chassis, body, showing (judging), racing, hot rodding and can tell a great story.

They do not need to attend the show but we would hope they would so we could honor them and recognize the contribution they have made to our hobby.
